

American Council on Alcohol Problems

Resolution on the Surgeon General’s “Call to Action” -- 2007

Whereas, the Surgeon General has issued an official “Call to Action” to prevent and reduce underage drinking; and

Whereas, the Surgeon General states that nearly 10.8million youth ages 12-20 are underage drinkers; and

Whereas, the Surgeon General has issued “Guides to Action” for Communities, Educators, and Families, which list specific actions that can be taken by each group;

THEREFORE BE IT RESOLVED that the American Council on Alcohol Problems affiliates be encouraged to call attention to these guides in their states and local areas and to press forward for implementation of the actions included.
